

Introducing Stinger Online Café!

For the 2020-21 school year, Seven Hills has redesigned our lunch program as part of our [StaySafe7Hills](#) mission. This year, students may either bring their lunches from home or families may pre-order box lunches online through our new Stinger Online Café system. Meals ordered from Stinger Online Café will be prepared by our Seven Hills kitchen teams and delivered at lunch times to designated locations for each division.

Online ordering is easy!

We have set up a secure, fast, and easy online ordering system that allows you to view lunch menus, place orders, and prepay from your smartphone, tablet, or computer. The online system accepts Visa, MasterCard, and Discover debit or credit cards.

To begin, please set up your Stinger Online Café account:

1. **Click here** or visit <https://7hills.boonli.com>
2. Click **Create an Account**, using the password **shills1**
3. Complete the **Account Registration** form and click **Submit**
4. Complete the **Profile** form for each of your Seven Hills students and click **Add Profile**
5. Click **I'm Done** and **Sign In** to place your lunch orders

The online ordering system will support students in grades kindergarten through grade 12. Pre-kindergarten and pre-kindergarten for 2-year-olds students will not need to order online to receive school lunches.

Lunch menus will be available up to two months in advance, allowing families to select and pre-purchase food well in advance. **PLEASE NOTE: all orders must be completed by the Friday of the proceeding week.**

Ways to pay

The online system accepts Visa, MasterCard, and Discover debit or credit cards

Questions?

- For technical questions about the online platform, please email support@boonli.com.
- For all other questions, please contact controller John Brooks Jr. at 513.728.2389 or jr.brooks@7hills.org or Director of Finance & Operations Robert Horne at 513.728.2384 or robert.horne@7hills.org.
